Institutional Distinctiveness

Performance of our institution in one area distinctive to its vision, priority and thrust is visible in its priority to girls education in rural area. Our institution is in Marathwada region, Marathwada is identified as a socio economic backward region in Maharashtra. In rural areas of Marathwada early marriages of girls is a burning issue. That is why many girls in this region are deprived from education and some are stopping their education after marriage.

Our institution in rural area always promote girl education by convincing the parent about continuation of education of girls after marriage. Our faculties take more efforts of such students they inform students about their examination, internal work and submissions by mobile communication.
